

CAPABILITY STATEMENT

Layfar Technologies provides advanced artificial intelligence solutions, tailored to client needs. Our team combines industry knowledge with technical expertise to develop innovative AI-driven products and services. Leveraging machine learning, natural language processing, and computer vision, we streamline operations and drive growth. Layfar Technologies empowers organizations to harness the full potential of artificial intelligence.

CORE COMPETENCIES

- **Artificial Intelligence (AI):** Advanced AI solutions for efficiency and decision-making
- **Cybersecurity Solutions:** Robust cybersecurity to protect data and IT systems
- **Cloud Solutions:** Scalable cloud infrastructures for diverse needs
- **Managed IT Services:** IT management to optimize performance and reduce downtime
- **SAP ERP Solutions:** Implementing and supporting SAP ERP for streamlined operations
- **Business Analysis:** Identifying opportunities for improvement and growth
- **Quality Assurance:** High-quality standards through rigorous testing and validation

DIFFERENTIATORS

- **Experienced IT Experts:** Years of industry experience with the latest technologies and trends
- **CMAS Contract Based on AFS GSA GS-35F-540GA:** Layfar's CMAS terms mirror Accenture's federal pricing structure, enabling seamless state and local contracting alignment
- **Cross-Domain Expertise:** Blend of Public Sector, Insurance, and Financial Services modernization projects
- **Agility & Local Presence:** California-based Small Business with flexible scalability and fast mobilization
- **Certified Leadership:** AWS Certified Solutions Architect, SAFe 6 Agilist, Certified ScrumMaster
- **Proven Past Performance:** Consistent delivery with prime partners including System Soft Technologies, Sans America, Aara Technologies, and Kforce
